Phone: (+92)324-7934837

Email: nidanaz9313@gmail.com

PROFILE

Dedicated Software Engineer with expertise in full-stack development and AI engineering, building scalable and intelligent solutions. Experienced in AI-driven automation and predictive modeling using machine learning, with strong skills in NumPy, Pandas, data preprocessing, and model training. Proficient in n8n, LangChain, LangGraph, and RAG, delivering efficient, high-impact, user-focused applications.

EDUCATION

Bachelor's in Software Engineering *University of Central Punjab, Lahore* | Oct 2021 – Jul2025 | CGPA: 3.62

WORK EXPERIENCE / PROJECTS

AI Intern – Indusbird Technologies

July 2025 – January 2026

- Worked with AI automation tools (n8n, LangChain, LangGraph, RAG) to build business automation workflows.
- Handled data preprocessing, model training, testing, and optimization, collaborating with engineers on AI integration.

AI Intern – Speed Force Digital

February 2026 – Present

- Assisted in designing and implementing AI-based workflows to automate digital marketing processes and reporting.
- Conducted data analysis and model evaluation to improve efficiency and accuracy of predictive analytics tools.

KEY ACHIEVEMENTS

- Successfully completed AI internship at Indus Bird Tech, gaining hands-on experience in AI automation and predictive modeling.
- Designed and implemented Final Year Project (Predictive Model for Sleep) using hybrid machine learning techniques with high accuracy.
- Developed an automated system that generates comprehensive SEO reports for any website without manual effort.
- Built a real-time spam detection system to classify live emails and messages as spam or ham using machine learning.
- Created a domain-specific chatbot capable of accurately answering queries within a specialized knowledge area.

SKILLS

Programming & AI: Python, C++, NextJs., Java, SQL, HTML/CSS, LangChain, LangGraph, RAG

Tools & Platforms: Visual Studio, VS Code, Android Studio, MySQL Workbench, GitHub, Jira, n8n.

Soft Skills: Communication, Problem Solving, Teamwork, Analytical Thinking.
